Mark,

Just an update – we have about 100 folks on the CFAC contact list from the two public meetings. However only about 25 said that they want to be on an email list. For one meeting, the option of signing up for emails wasn't provided, so I hesitate to assume they want emails from us. In any event, from now on, let's include a way for people to sign up for emails on any publications we prepare.

When we talk with Mike, let's ask him if he would like me to send the fact sheet out to the folks who signed up for emails.
